United States, and because abortion was illegal in United
States in that time Wistar Institute received fetal tissue

old (25 years old) mother exposed to rubella eight weeks after her last menstrual period (8 weeks from conception of the unborn aborted baby girl) in United States... the fetus was surgically aborted (unborn baby girl was killed) by seventeen days (17 days) after maternal illness and dissected immediately... It was then grown on WI-38, WI-26, WI-44, Wistar RA 27/3, Diploid Cell Origin, MCR-5 [MicroCarrier Culture-5, a line of normal human diploid cells [HDC], by the microcarrier technique from Merck Research Laboratories (MRL)], etc.) so VACCINES that you do (vaccinate with) contain DNA and proteins (structures) FROM ABORTED BABIES, from HDCS (Human Diploid Cell Strain) that are from aborted babies (unborn babies killed through surgical abortion [etc.] unborn baby broken in pieces by abortionists, by unborn babies killers!) where viruses are tested on, and also vaccines contain other animal DNA and proteins, contain also toxic substances (poisons) so Big Pharma Industry contains also Abortion Industry, Big Pharma is the Big Killer in complicity with politicians from Governments and private companies and people that accept abortions or don't do nothing to stop abortions (killing unborn babies) and other killing by Criminal Industries like Big Pharma (that include Cosmetics Industry that some products contain aborted babies tissues, products like creams, etc.; also aborted babies tissues are included in Food Industry owned also by Big Pharma [that own also

Agro-Alimentary Industry] softdrinks some articles: Pepsi, Nestle, Kraft, etc. fro flavoring, to make products tastier), etc.
